NATURAL STONES

CORINTHIAN STONE

Quarried in the Western Mediterranean, this honed limestone has a rich sandy colour that provides a delicate warm feel.

Its background composition is magnified with unique small fossils and random sedimentary veining.

A stone for those seeking a homely, cosy fireplace, Corinthian Stone is also available made to measure.

made to measure

AEGEAN LIMESTONE

Sourced from the Eastern Mediterranean, our Aegean Limestone mantels are beautifully unique in character.

Each mantel has its own individual fossil formation, veining and colour so no two are the same and is handcrafted into a variety of contemporary and traditional designs.

made to measure

PORTUGUESE LIMESTONE

Formed over 50 million years ago and quarried in Portugal. The characteristic darker veins, intermingled with fossils of plants and animal life all add up to the beauty of this natural stone.

Blooms and whisps of fossilised leaves are not considered defects but part of the experience.

NATURAL MARBLE & TIMBER

CARRARA MARBLE

Quarried in the Italian city of Carrara, this stunning material has been used in the building of many of Rome's most remarkable buildings including the Pantheon.

Every one of our Carrara Marble mantels has its own distinctive appearance with beautiful, fine grey and blue veining.

Please note our made to measure service is not available on this marble.

TIMBER OAK & PINE

Our Timber mantels are available in two elegant styles, they're available made to measure to any size, enabling you to have complete control over the look and feel of your fireplace.

Both of our classic Timber mantels are handcrafted in Britain and take on a whole new personality when tailored to your exact requirements.

MADE TO MEASURE

Capital Fireplaces manufacturing and fabrication facilities are strategically located to utilise both the most advanced manufacturing technology available and the highest quality skills. Established long term relationships with quarries and foundries with highly efficient fabricators and stone masons, provide the backbone for the stringent quality and manufacturing standards we achieve with our collection.

We strive to offer our customers a great deal of flexibility in terms of the size of their chosen fireplace design. That's why we have implemented a Made to Measure service for a variety of our mantels in the following materials; Corinthian Stone, Aegean Limestone, Portuguese Limestone and Timber.

No matter how small or large your chimney breast, whether you'd like to change the overall size of your fireplace, make the shelf wider or reduce the rebate size, we can deliver a completely tailored service. Simply look out for the Made to Measure logo on our mantels throughout this brochure.

DESIGN A FIREPLACE

The Capital Fireplace Studio allows you to create your very own fireplace design using our online custom software.

Because there are so many different components involved in the making of a fireplace, it can be difficult to envisage it in its entirety. That's why we've introduced our online Fireplace Studio, giving you the tools to design and more importantly, visualise your fireplace before reaching a decision you're 100% happy with.

We'll continue to add new products to the studio, so be sure to keep an eye out, we also recommend you print a copy and take it to your nearest Capital retailer for them to price for you.

It is free and easy to use, so start creating your own fireplace today by visiting our website at www.capitalfireplaces.co.uk

Greencast & Provident

Our Provident and Greencast ranges have been designed to deliver higher efficient gas and electric fires for more traditional and ornate cast iron fireplaces. We have sought from the design stage to combine the two critical components, the fire and the cast iron mantel, in unison to deliver an aesthetically pleasing integrated appliance.

HE Wandsworth Greencast Highlight

The Wandsworth HE Greencast has been designed to deliver higher efficient fires for more traditional and ornate cast iron fireplaces. We have sought from the design stage to combine the two critical components, the fire and the cast iron mantel, in unison to deliver an aesthetically pleasing integrated appliance.

The HE Wandsworth is paired here with the full depth open fronted convector fire and Hersham 54" Aegean Limestone mantel.

Provident

Provident Black

The Provident

The Capital Provident can help you create a fireplace that's beautifully modest with a higher efficiency, making it a fine centrepiece for any modern or traditional mantel.

Available in a Black or Highlighted finish, the Provident consists of a back panel and fireframe.

By integrating both these components, we are able to create a highly efficient gas or electric fire. Closing off the unit and adding a canopy to the fireframe means we are able to increase the efficiency of the fires and ensure that the heat output is going into the room and not up the chimney.

Details of the gas and electric fires available with the Provident can be found in the tables on the right.

Recent changes in legislation have been made in an attempt to reduce emissions in the UK. Whilst the actual heat output has not changed from previous years, selected inset gas fires shown in this brochure are no longer suitable for primary heating purposes and should be used in conjunction with the primary heating system as decorative only with occasional use.

Due to the nature of the materials and appliances used within this brochure, actual finishes and colours may vary slightly. Flames shown within the fires may also vary depending on gas type, fuel quality and the performance of the flue or chimney. For information on aftercare and maintenance, please visit our website at www.capitalfireplaces.co.uk

Capital Fireplaces Ltd reserve the right to change specification or de-list products at any time. Please note images shown in this brochure are for illustration purposes only.

All of our products shown in this brochure are available to purchase from your local Capital retailer, they are able to give you advice on all aspects of your fireplace requirements. Simply visit our website to locate your nearest retailer at www.capitalfireplaces.co.uk
